

# Prompting observation form

## The class

Length of lesson: .....

Number of students: .....

Materials and aids used: .....

Classroom layout: .....

## The teacher and the teaching

What do you think the teacher's aim and objectives were?

Were they achieved? Why/why not?

## The learning process

What were the learner outcomes?

Could the students do something at the end which they couldn't do at the beginning?

## Errors

What were some of the typical errors?

How did the teacher correct?

## Motivation

Did the students seem motivated?

How did they (or didn't they) show this?

## Future lesson

If you were teaching this group for their next lesson, what would be your aims based on what you've observed?
